Preservation of records is a goal and a concern of genealogists. We owe a great debt to the countless devoted genealogists who have copied, recorded, preserved and protected the records that we need. How can we repay a debt like that? We can do the same in the area where we find ourselves.

The Texas Research Ramblers are devoted genealogists and even though only a few have any roots in Brazos County—or even the Brazos Valley—this is where we are, and this is where we are able to do our part in this important task of preserving and sharing the records other genealogists will be needing.

The Brazos County Clerk, Mary Ann Ward, has been very supportive and has cooperated in every way to make this recording easy. We owe her a very special THANK YOU! !

The teams who did the 'real copying' deserve our appreciation for their devotion to duty. We all know that reading handwriting of long ago (even when it is just a hundred years ago) can be a real challenge! That's why we have gone in teams so we have the opportunity to check each other and confirm a decision. Two heads are better than one. Care has been taken to produce a book that is usable and reliable. We feel confident that our recording is as accurate as we were able to make it. If errors are found, mark it up to human fallibility—but we tried! We hope that it will be of help to our fellow searchers.

These are the Rambler members who have given their time and abilities to accurately transcribe these records. We are grateful and indebted to all of them!

Peggy Basenfelder	Patti Kruger
Lois Beach	Marj Leinhart
Sharon Currie	Ann Montgomery
Phyllis Ferguson	Bonnie Pendleton
Betty Gelber	Joanne Phillips
Pat Gunter	

Bonnie Pendleton has taken the handwritten information from these transcribers and entered it into the computer and has also proofed the print-out. Bill Binger has devised a satisfactory and workable format, which has transformed the information into the finished product. When you want a job done well—ask a busy person! Thanks to both of you.

The records from these two Marriage Books gave us information about the Marriage Officials which seemed to require a special listing; therefore, in addition to the alphabetized listing of the groom and another for the bride, there is a third listing for the Marriage Officials. There will be obvious duplications, depending on how that person signed his name on any particular record. The signatures were varied as well as the designations. We thought this might be a welcome bit of information for some of you in your search for clues.

The Texas Research Ramblers hope that this book will help future genealogists in their pursuits as we have been helped by others. It is to all those who have shared their time and talents that we dedicate this volume.

Happy Hunting!
